Introduction

This **Catalogue of Bookable 16mm films (1983)** is the second supplement to the **16mm Film Catalogue 1981**. The catalogue lists and indexes new 16mm films acquired by the Department of Education Library since the summer of 1982.

The **Catalogue of Bookable 16mm Films** is divided into three parts: a Title and Series Index; a Subject Index; and a Curriculum Index.

Listings of new titles added to the Library's collection since the publication of this 1983 **Catalogue** will appear bi-monthly in **Education Manitoba's** supplement **What's New**.

In this **Catalogue**, there is information on how to order Department of Education bookable films using the Library's automated film booking and confirmation system. The Film Booking and Reference Services Section of the Library continues to provide teachers with information and reference assistance.

Clientele and Client Numbers

Clientele

The Department of Education Library's film collection is open to all teachers in Manitoba's public, private, federal and other special schools. The clientele also includes personnel involved with the school system (eg., resource, health, special education, library, etc.).

The inter-library loan of films to other library/media departments of Manitoba Community colleges and universities is to be negotiated through the Department of Education's Film Reference Librarian.

Likewise, other educational personnel (nursery school, government departments, etc.) wanting to use the Department of Education Library's film collection should make application to the Film Reference Librarian.

The general public have access to the film collection through inter-library loan using their local public library.

Client Numbers

Each approved user of the film collection will have a client number which must be given during telephone or mail requests for films.

If you do not have a client number, please apply to the Film Booking and Reference Services Section of the Library for same.

IMPORTANT: Attached to your client number in the computer file will be your name and the school/organization address to which films will be sent. If your address for film mailing should change, please inform us so that appropriate changes can be made in our client files.

Example: Client Number 43751 translates to:

Mr. Doug Street
Hilldate School
2075 Birch Avenue
Winnipeg, Manitoba

How To Use This Catalogue

Title and Series Index

The **Catalogue** has three parts: a title and series index; subject index; and curriculum index. Below are samples from each of the indexes with descriptive notes explaining the nature of each entry.

The Title and Series Index lists film titles, with descriptions, and series in alphabetical order according to the title of the film series.

TITLE LISTING

Hudson Bay lowlands (motion picture) ← Title of the film
 (presented by) Manitoba Department of Education
 Winnipeg: Manitoba Dept. of Education, 1983 1 reel (24 min.): sd., color, 16 mm. ← Producer, date of production, distributor, length, color or b & w
SUMMARY: The film depicts the physiographic features, plants, animals, climate and human adaptations. This region has a unique environment because of Hudson Bay — a huge salt water sea. One can see polar bears lumbering across the terrain, snow geese on their way to breeding grounds, and many different kinds of plants that do not grow anywhere else in the province. ← Annotation
 For corresponding loanable videotapes in the Library see VR 917. 1271 H83 ← Also available as a videorecording
 For copies of video programs (VT 897), supply sufficient tape to the Library's Dubbing Centre.
